L. H. BECKER LIES NEAR UNTO DEATH

DR. SENN COMES ON A
SPECIAL TRAIN.

Patient Has a Severe Bowel Complaint
and an Operation Will Probably Be
Performed as Soon as the Noted
Surgeon Gets Here—Sick Only
Two Days.

Leod H. Becker is waging a brave fight with death at his East street home—with chances even, but no more.

Dr. Nicholas Senn, the noted Chicago surgeon, is at his bedsde, but at 3:30 o'clock nothing had yet been done.

Mr. Becker was taken sick but two days ago, and the announcement that his condition is regarded as critical, will doubtless be a great surprise. His disease is a bowel difficulty of the same nature as the other attack that came so near ending his existence. Dr. Woods decided this morning that the disease had reached a critical stage and a consultation was decided upon. Just before noon F. P. Lary, president of the Housesmiths' union, was introduced. Mr. Lary addressed the convention Thursday and spoke of the strike. Yesterday his mission was to state to the delegates that the fight had been won and that the strikers had been allowed what they demanded.

The committee on resolutions reported an unfavorable resolution against the carrying of mails on the street cars until they are controlled by the government. The object of the resolution was to free street railroad employees from the obligations imposed upon them by the federal laws, which restrict the right of men employed by corporations carrying the mail to strike.

In the event of a strike of street car employees of roads carrying the mails, the men, it was contended, would be subject to arrest for obstructing the mails. After a long debate it was voted to nonconcur and the resolution was adopted.

George E. McNeill of Boston, of the committee on the eight-hour question, made a report. It was to the effect that a general movement in favor of the eight-hour work day was deemed unwise, but that the executive committee should select one or more of the best-conditioned organizations to begin the contest for an eight-hour day. Labor and not capital should determine the length of the work and labor should be unswayed by the threats of police captains or the power of the courts. The report was approved.

The invitation to the federation to send delegates to the international social congress to be held at London in August next created a storm of oratory. Many thought the federation should not recognize such a body and others believed there could be no harm in being represented at the convention. One delegate feared that if delegates were sent to England they would not be admitted to the congress. The matter was not decided at the time of adjournment.

Mr. Becker's condition is serious. Dr. Woods was seen by a Gazette reporter at noon.

"Of course his condition is critical," he stated, "but men do recover from such attacks, and Mr. Becker has a good chance. But he is a very sick man."

It is supposed that an operation would be performed as soon as Dr. Senn arrived.

The special arrived in the Janesville yards at 8:12 o'clock. Engineer J. N. Bennett was at the throttle, and the time was slow because of the many freight trains they met. Dr. Woods and Dr. Joe Whiting met Dr. Senn at the depot, and they went direct to Mr. Becker's residence.

FIRE AT ST. PAUL, MINN.

Much Damage Done by an Early Morning Blaze—Workmen Thrown Out.

St. Paul, Dec. 13.—At 2 o'clock a. m. yesterday fire broke out in the Wann building, occupied by Henry S. Sternberg as a jobbing dry goods and clothing house and by Guiterman Bros., manufacturers of shirts, pants, overalls, etc., at Fifth and Sibley streets. The whole department was called out. The fire spread rapidly to the roof of the building adjoining, which is occupied by Price & Robbins' wholesale paper house. The whole upper floor of the building in which the fire originated was damaged. The pipemen had a hot and dangerous fight on the top floor. They were forced from the building to the extension ladder, and at one time the ladder became charged with electricity from the wires below, but they were cut before any fatalities resulted.

The cause of the fire is unknown, but it started in Guiterman Bros.' factory, where the hands were working owing to a great rush of business. The loss to this firm, chiefly by water, is estimated at \$65,000, fully covered by \$150,000 insurance. Five hundred employees of Guiterman Bros. are thrown out of work.

VENEZUELA STILL FIRM.

Alleged Interview with President Crespo Officially Denied.

Washington, Dec. 14.—Senor Andre, the Venezuelan minister to the United States, has received a cablegram from Caracas from his government entirely disavowing a publication in the London Times giving what purported to be an interview with President Crispo. No such statement, it was said, has ever been made by the government. The article quoted President Crespo as expressing a willingness to make reparation to Great Britain for the Uruan accident, which Lord Salisbury is endeavoring to separate from the long-pending boundary dispute.

The position of the Venezuelan government is, as has been stated frequently, that the Uruan incident and the boundary dispute are inseparable, the liability of the government for the Uruan affair being dependent on whether or not it occurred on Venezuelan or British soil.

Two Iowa Murderers to Hang.

Des Moines, Iowa, Dec. 14.—The supreme court has affirmed the death sentence of George Weems and John Hamill of this city, convicted of the murder of L. B. Ridpath, in May, 1894. The murderers are 21 years old.

POSTAL SAVINGS BANKS. American Federation of Labor May Memorialize Congress.

New York, Dec. 14.—There was a small number of delegates present when roll was called at the opening of yesterday's session of the Federation of Labor. The committee on resolutions was instructed to draw up a suitable resolution on the death of Allen G. Thurman.

It was decided that the election of officers should be taken up at 3 o'clock Saturday.

Reports of committees were then called for and a large number were submitted.

A resolution causing much debate urged that the federation memorialize congress to establish postal savings banks. It was contended that under existing conditions the poor had absolutely no safe places in which to deposit their savings, and they never had money enough to open an account in a national bank—though there they had but little more protection in case of failure—and were compelled to go to the savings banks, where, it was alleged, they had absolutely no redress in case of loss. Postal savings banks, it was also argued, would do away with the need of bond issues, which paid large profits to syndicates of bankers.

Immediately after recess F. P. Lary, president of the Housesmiths' union, was introduced. Mr. Lary addressed the convention Thursday and spoke of the strike. Yesterday his mission was to state to the delegates that the fight had been won and that the strikers had been allowed what they demanded.

The committee on resolutions reported an unfavorable resolution against the carrying of mails on the street cars until they are controlled by the government. The object of the resolution was to free street railroad employees from the obligations imposed upon them by the federal laws, which restrict the right of men employed by corporations carrying the mail to strike.

In the event of a strike of street car employees of roads carrying the mails, the men, it was contended, would be subject to arrest for obstructing the mails. After a long debate it was voted to nonconcur and the resolution was adopted.

George E. McNeill of Boston, of the committee on the eight-hour question, made a report. It was to the effect that a general movement in favor of the eight-hour work day was deemed unwise, but that the executive committee should select one or more of the best-conditioned organizations to begin the contest for an eight-hour day. Labor and not capital should determine the length of the work and labor should be unswayed by the threats of police captains or the power of the courts. The report was approved.

The invitation to the federation to send delegates to the international social congress to be held at London in August next created a storm of oratory. Many thought the federation should not recognize such a body and others believed there could be no harm in being represented at the convention. One delegate feared that if delegates were sent to England they would not be admitted to the congress. The matter was not decided at the time of adjournment.

School for Children of Veterans.

Washington, Dec. 14.—A strenuous effort is to be made at this session of congress to secure the passage of the bill for the education of the children of union and confederate veterans and descendants in national memorial universities, the first of which institutions it is proposed to locate at Whatcom, Wash. The measure simply gives the recognition of congress to the scheme, as it is proposed to raise the funds for the building and maintenance of the patriotic schools by means of stock company, the money, however, to be disbursed by the treasury department. A number of persons who favor the measure will shortly establish headquarters here and do some vigorous lobbying in its interest.

New Counterfeit \$20 Bill.

Washington, Dec. 14.—The secret service has discovered a new counterfeit \$20 United States note of the series of 1880, with the portrait of Hamilton poorly engraved. The paper shows red ink lines in imitation of silk fiber. The lettering is very poor. Nineteen of the notes were found on the person of Louis Smith, who has been arrested at Toledo, Ohio, where he had already passed five of them. He is believed to be new in the business.

Big New York Strike Settled.

New York, Dec. 14.—At a meeting of the executive committee of the Housesmiths and Bridgemen's union, held late Thursday night at Clarendon hall, the strike was formally declared off. The men were notified to report for work again to their respective employers. Neither President Lary nor any of the other officers of the Housesmiths and Bridgemen's union would say what the terms of settlement were or by what means the settlement was reached. The strike has lasted four weeks.

No Prize Fighting in Indiana.

Indianapolis, Ind., Dec. 14.—The final blow at prize-fighting was delivered by the Supreme court Friday when it overruled a petition for a rehearing in the case of the Columbian Athletic club of Roby against the state, ex rel. Willis C. McMahon, the prosecuting attorney of Lake county. The court stands by its sweeping decision of a few months ago against prize-fighting.

TWO HOSE TEAMS OUT OF SERVICE

FIRE DEPARTMENT HORSES HAVE THE DISTEMPER.

Number Two Carriage and the Fire Patrol Animals are Both Quite Ill—Changes Made To Remedy The Difficulty—Station Now a Horse Hospital.

Four of Janesville's fire department horses are sick with distemper, but Chief Spencer has so arranged things that the people can sleep with the same sense of security that they have heretofore. Distemper is prevailing quite extensively at present and several other horses are also sick.

The East side hose team and the fire patrol equines are the ones that are ill. Two of the animals are quite seriously sick, while the other two are not so ill. Both teams are out of service. In case of fire No. 2 horse carriage will be drawn by Con. Murphy's team—the ones that used to pull the Water Witch engine. The arrangement will delay No 2 carriage two or three minutes, but otherwise it will work all right. The patrol wagon is out of service entirely but the spreads and the extinguishers therefrom have been placed on No. 3 hose wagon—the new "supply vehicle"—and it will be hauled by No. 1 team. Ambulance calls will also be answered by this wagon, and No 1 hose carriage is out of service to allow the use of the team on the wagon. In case of an alarm the apparatus to respond would be No. 2 hose carriage, No. 3 hose wagon, and the hook and ladder truck or wagon as the case might be.

The sick horses are still in the station as it would be very dangerous to take them from their warm quarters while they are ill, and no teams can be quartered there for fear of the disease.

PREPARE FOR A SIEGE.

Embassies at Constantinople Preparing for War.

London, Dec. 14.—A dispatch from the Standard from Constantinople says that all the embassies are practically preparing for a state of siege.

At the meeting of the ambassadors last Tuesday the reports received from Armenia at the different embassies were compared and thoroughly discussed, with the view of enabling the different representatives to compile full reports on the subject for the use of their governments. It is believed that if the result of this conference is published it will show an unparalleled state of affairs. The misery and distress in Armenia are said to be more severe than the most vivid reports make out, and the number of people massacred is said to be greater than anybody here really believed. Letters from Aleppo say there is serious fear of a massacre of the Christians unless the powers intervene promptly.

Stillwell's Son Testifies.

Bowling Green, Mo., Dec. 14.—S. H. Stillwell, son of the murdered man by his first wife, was the first witness on the stand yesterday when the case of Dr. Hearne was resumed. Stillwell said that his father and his stepmother got along reasonably well together, but that he knew she was not in love with him. Mrs. Stillwell had told him this. The witness testified that he had heard Dr. Hearne declare that he was looking for a rich woman for a wife. Hearne had also asked him repeatedly after the murder how much he thought the estate would pay out. After the murder Dr. Hearne spent most of his time at the Stillwell residence. The relations between Dr. Hearne and the widow were very close.

Claim the Site of South Omaha.

Omaha, Neb., Dec. 14.—Five heirs of Peter Cassidy, at Princeton, Ill., have sued for the site of South Omaha. The litigation involves nearly \$1,000,000. They base their claim on a technicality in the original transfers of the land years ago, when it was of little value. The claim involves 238 acres. Part of this belongs now, or formerly belonged, to the South Omaha Land company, and is platted into blocks and lots. There are, to average the blocks without counting the alleys, estimating the blocks to be 300x288 feet, 123% blocks, or 1,730 lots, which, if averaged at the low estimate of \$500 each, would be worth \$865,000.

British Guiana Preparing for War.

Washington, Dec. 14.—Word reaches here from British Guiana that the country is much exercised over the prospects of war with Venezuela on the boundary question. The local militia has begun a series of sham battles with the colonial police, in which Georgetown is defended against an imaginary attack.

Victory for Michigan Silverites.

Lansing, Mich., Dec. 14.—The state grange prospered to an unusual degree last year. Reports submitted show that the membership was increased nearly 2,000 and that there are 13,625 members in good standing in the state. Free silverites won a decisive victory, the American silver and gold being adopted by a vote of over six to one. Emphatic resolutions were adopted on the temperance question, the grange determining the strict enforcement of the present liquor laws and the enactment of more stringent laws as rapidly as public sentiment demands and will enforce them.

FAIR STOCKHOLDERS MUST VOTE AGAIN

HAD NO QUORUM AT THEIR ANNUAL MEETING.

Attorney Pierce Advises Stockholders That There Must Be Another Meeting As the Election Held Last Week Was of No Effect Whatever.

After all the meeting and turmoil and stir the annual meeting of the Rock County Agricultural society proves to have been no meeting at all.

James Scott is not president.

A. C. Jenkins is not treasurer.

The new constitution is not in force. A special meeting will be held on the second Saturday in Janesville to set things right.

Attorney Pierce was consulted by stockholders as to the legality of last week's proceedings. He suggested that as long as no quorum was present, no meeting had been held, and nothing had been done. This view was concurred in, and the business of the annual meeting must be done all over again.

MAKES A CONFESSION.

Topeka Doctor Says That City Is a Har- vest Field for Ghouls.

Topeka, Kas., Dec. 14.—Dr. R. S. Magee, a reputable physician and a member of the Kansas Medical college faculty, made the startling statement yesterday that grave robbing has been a regular business in and around Topeka. He said the facts are that Kansas City has for a long time been furnished with bodies from Topeka, and last year

there was a professional grave robber engaged in the business. County Attorney Saiford has caused a petition to be prepared for signatures of taxpayers asking the district judge to call a special grand jury to investigate the recent grave robberies. He will also cause arrests independently of such action. The Ancient Order of United Workmen lodges held another general meeting and appointed a committee to aid the county authorities.

Bradstreet's Grain Report.

New York, Dec. 14.—Bradstreet's says: "Exports of wheat (flour included as wheat), from both coasts of the United States, this week, aggregate 2,458,000 bushels, against 3,156,000 bushels last week, 2,536,000 bushels in the week a year ago, 3,217,000 bushels two years ago, and 3,277,000 bushels in the corresponding week of 1892. Exports of corn amount to 2,391,000 bushels, as compared with 1,867,000 bushels last week, 2,932,000 bushels in the week one year ago, and 1,227,000 bushels in the corresponding week of 1893. The present week's total foreign shipments of Indian corn are the largest for any year since that ending May 2, 1892, and are explained by our telegraphic advices from New Orleans of an extraordinary heavy outward movement there."

Will Test Georgia State Bank Law.

Atlanta, Ga., Dec. 14.—The Georgia legislature has opened the way for a test of the constitutionality of the 10 per cent tax on state bank notes. The Calvin banking act, passed at former session, has been amended so that within a short time some public-spirited citizens of this state will establish a bank and issue notes for the express purpose of trying the state bank tax issue in the courts. Many able lawyers who have given the subject close study are convinced that this tax is unconstitutional, and some of them will volunteer to defend in the courts an issue of state bank notes. This case will attract the attention of the whole country.

Will Meet at Cleveland, Ohio.

Cleveland, Ohio, Dec. 14.—The special committee which has the final decision of when the Methodist General conference will be held next year, met in Cleveland yesterday, this city having been decided upon in a general way at the last conference. The members are Rev. Dr. W. F. Whitlock, of Delaware, Ohio; Richard Dymond of Cincinnati, and Rev. Dr. A. J. Palmer of New York. They received satisfactory assurance that the necessary preparations for the big meeting were well under way, and will meet in Cleveland again February 10, 1896.

Important News from China.

London, Dec. 14.—The Berlin correspondent of the Standard says that the powers have addressed to Japan a peremptory demand for the evacuation of Corea.

A special dispatch from Shanghai says that several Russian war ships watched the formal re-entry of the Chinese into Port Arthur.

It is believed here that China, as a reward for Russia's intervention in her favor with Japan after the war, will permit the Russian Pacific fleet to winter in Kiao Chu bay.

President Cleveland Storm Bound.

Norfolk, Va., Dec. 14.—No news can be had of President Cleveland. The telegraph wires are down between here and Hatteras, and no vessels have arrived from the Carolina sounds owing to the heavy gales. A fierce windstorm swept the city about 9 o'clock last night, doing great damage throughout the suburbs. The temperature has gone down several degrees and the weather is very bitter.

"Failures for the week have been 338

THE NATION'S EXPORTS.

Official Figures from Washington on the Leading Articles.

Washington, Dec. 14.—The November statement of the principal articles of domestic exports issued by the bureau of statistics shows exports as follows:

Breadstuffs, \$10,840,752; same month in 1894, \$7,873,186; for the eleven months ended Nov. 30, 1895, \$107,349,274, as against \$111,898,259 in 1894.

Milton, Dec. 13.—Gardner Saunders, whose dangerous illness was noted last week, died Monday afternoon. Deceased was one of the early settlers of Milton, coming here a half a century ago, and was always a hard working man and a good citizen. He was born in New York state and would have been seventy-two years old January 26, next. He leaves a wife and four children, two sons and two daughters. The former are Allen G. Saunders of Redlands, Cal.; and R. Saunders of this place. The latter, Mrs. Mary S. Heritage and Mrs. Alvira Clark reside in Walworth county and South Dakota respectively. The funeral was held yesterday afternoon from his residence, his pastor, Rev. E. M. Dunn, officiating. A. O. Friddell had a serious relapse last week, and at the time we write, his condition is dangerous. He is very weak, and his stomach refuses to retain nourishment, but his physician still hopes for his recovery, unless new complications develop.

Lodges Elect Officers.

The following are the officers elect of A. D. Hamilton Post: Commander, Professor S. I. Maxson; S. V. C., S. Kerne; J. V. C., M. Holbrook; chaplain, Professor A. B. Crandall; surgeon, R. H. Stillman; Q. M., W. P. Clarke; O. D., J. E. Davidson; O. G., W. H. Wilbur; delegate, J. H. Bullis. The officers elect of A. D. Hamilton corps for the ensuing year are: President, Mrs. Rotalie Marquart; S. V. Mrs. Nellie Hadden; J. V., Mrs. Jessie Eisdon; treasurer, Mrs. Emma Jordan-Thomas; chaplain, Mrs. L. M. Holbrook; conductor, Mrs. Emma H. Carey; guard, Mrs. Amanda Lee; assistant conductor, Mrs. Lucy A. Clarke; A. G., Mrs. Nellie Dunwell; secretary, Mrs. Abbie McHenry Green; delegate, Mrs. Mary Richardson; alternate, Mrs. L. M. Holbrook. College Lecture Course.

The following is the list of speakers who are to appear in the Milton college lecture course. Major S. S. Rockwood, '59, secretary State Board of National Regents, Madison; president L. D. Harvey, '72, of the Milwaukee Normal school; Hon. L. B. Caswell, Fort Atkinson; Rev. E. L. Eaton, D. D., pastor, M. E. church, Racine; Hon. O. T. Williams, president Civic Federation, Milwaukee; Rev. Perry Millar, pastor, Farewell avenue M. E. church, Milwaukee; E. S. Burley, '73, M. D. Ph.D., faculty of Hahnemann Medical College, Chicago; president Alber Salisbury, '70, A. M. Ph. D., of the Whitewater Normal school; Rev. L. C. Randolph, '88, pastor of the Seventh Day Baptist church, Chicago; Hon. Pliny Norcross, Janesville; Hon. J. Barthol, '81, A. editor of the Republican, Janesville.

Other News Notes.

Rev. Mr. Witter, of Albion, visited Milton friends early in the week. Town Treasurer Tracy will be ready to receive taxes at his residence in this village on and after Monday next. On Wednesdays and Saturdays he can be found at the store of I. P. Hinkley, Milton Junction. Mrs. George C. Catlin, of Lake Geneva, is the guest of Dr. and Mrs. Mary Borden. Mrs. T. R. Williams, of Chicago, is visiting Mr. and Mrs. A. J. Wells. Rev. D. K. Davis and wife, late of South Dakota, are now residents of this village. Rev. G. R. Chambers and wife attended the sessions of the Congregational minister's meeting at Beloit.

Many Students in College.

There were twenty more students in attendance at Milton college last term than were registered for the fall term last year. This is encouraging, taking into consideration the lack of funds, which deters many parents from sending their children to school. All persons should remember that there is an ordinance in force prohibiting them from depositing ashes in the highway. Mr. Walter Alexander has accepted a position with the Union Pacific railroad company, with headquarters at Omaha. Mrs. Geo. W. Sanborn and daughter of Mason City, Iowa, were the guests of the Misses Rodgers Saturday.

COUNTY'S OLDEST APPLE TREE.

It stands near E. G. Brightman's Home at Milton—Planted in 1840.

Probably the oldest apple tree in Rock county stands near the home of E. G. Brightman on Rock river road near Milton. The seed from which the tree grew was found in a package of garden seeds and planted where the tree now stands by Mrs. Siilliman, grandmother of Hon. P. M. Green in 1840. It is still alive after weathering the storms for fifty five years.

THE OVERFLOW OF LOCAL NEWS.

THIRTEEN MEN MEET
ON FRIDAY, DEC. 13

GREWSOME SESSION OF THE
BUSINESS MEN'S CLUB.

FUTURE OF THE ASSOCIATION WILL BE DECIDED ON NEXT FRIDAY EVENING. Will probably keep up the organization, but give up the rooms plans suggested.

It was under rather gresome circumstances that the Janesville Business Men's Association met last night, to make plans as to the future of the organization.

The meeting was held on Friday night.

Friday night was December 13.

Thirteen members composed the attendance when the meeting came to order.

Then ex-Mayor Thoroughgood came in, and the spell was broken.

The meeting was called to discuss ways and means. Secretary F. C. Haselton reported that the association owed about one hundred dollars and had fifty-three members in good standing, while seventy were not so particular about the financial basis of their membership. The paying ones do not feel like paying the expenses of the non-paying ones.

And there you are.

"What are we going to do?" was the question.

"As a combination business and social club, the organization is a failure," said J. H. Gateley.

"But we ought to keep up the organization," added A. L. Kavalege.

Probably Give Up Rooms

That seemed to be the general opinion, and George M. McKey moved that notice be sent the members that final action would be taken on next Friday night, and that the fate of the organization would then be decided. The property on hand is worth more than enough to pay all bills, it was said, and as a Business Men's Association without the club room features, it was argued that fully as much could be accomplished and at no expense. Mr. Myers, it was stated, would take the rooms at any time that the association desired to give them up, so there would be no trouble on that score. Capt. W. T. Vankirk president of the association, stated that the association ought not to be allowed to die, as there were many public questions that could be best settled by the association.

"And we do not want it to go out that the association is 'dead,'" suggested Mr. Kavalege.

"Put it as it is," interposed Ex-Mayor Thoroughgood, "I know of no reason why we should cover anything up. Give notice that it is life or death and then if the members do not come out it is their own fault."

A motion to adjourn was then carried.

PASSENGER BUSINESS IS QUIET.
The Railroads Are Not Carrying Many People These Days.

During the present week passenger business on both roads has been unusually quiet and very little traveling out of the city is apparent with the exception of the regular come and go of the traveling men. Conductors on both roads say the week before the holidays is always quiet but the travel during the week of Christmas fully makes up for it.

When the St. Paul vestibule pulled into the city last evening from Chicago, the sleeping car conductor informed a Gazette reporter that there were but nineteen berths taken on the entire train, while the JANESEVILLE accommodation which left this morning had but three passengers from this city and two of those were on the "free list."

NO DIPHTHERIA IN TOWN NOW
So Said Health Officer Gibson This Morning—Quarantines Are Raised

Health Officer Gibson gave a sigh of relief this morning and said the city is now free from diphtheria. But just how long this will be the fact remains to be seen.

During the last spell of freedom from disease that the city enjoyed, it lasted but one day, for the quarantine was no more than raised from the Minnick home on River street, than the disease appeared at the Washington street home of Alderman and Mrs. H. C. Stearns. Today the quarantines were raised from the Linn street home of Mr. and Mrs. F. T. Stearns, the South Franklin street home of Officer and Mrs. J. W. Hogan and from the Henney residence near Monterey.

HE IS NOT FRANK.

If the president knows what to do about the revenue he hasn't told anybody. He tries in every way to get around the bare fact that more money is needed by the treasury department and that the Wilson tariff doesn't provide it. It is notorious that in twenty-nine months there has been a deficiency of about \$130,000,000, which has been met by practically using that amount of the \$182,000,000 obtained by selling bonds ostensibly for the preservation of the gold reserve; and yet there is nothing in the president's observations about this remarkable showing to indicate that he thinks more revenue is desirable, or that the present tariff law will not bring all that may be required. For every dollar of receipts there has been an expenditure of considerably more than a dollar, with the prospect of the indefinite continuance of such a condition, and still no remedial action is proposed and no wish expressed in that relation. The main issue is dodged, in short, and a labored attempt to prove that all existing financial ills are attributable to the greenbacks and the endless chain process of their redemption.

A PAGE SET FOR BOTH.

England expects that its census to be taken next year will show that Great Britain has at last passed France in population, though its area is but little more than half as great. The population of France in 1891 was 38,343,192 and of Great Britain 27,888,153. The birth rate in France has been unsatisfactory for years, while that in Great Britain is comparatively large and increasing. But the day is not distant when the United States will have a population equal to that of Great Britain and France combined.

Colonel Fred Grant shows his breeding in the campaign he has waged against Sunday saloons in New York. His father gave him a guide when he said: "I know no method to secure the repeal of bad or obnoxious laws so effective as their strict construction."

STORM IN THE EAST.

Philadelphia, Pa., Dec. 14.—A gale with an average velocity of forty miles an hour and increasing in force raged along the coast from Sandy Hook to Cape Henry last night. Although the heavy blow has been prevailing for nearly sixty hours, no shipping disasters have been reported.

The greatest uneasiness is felt concerning a number of vessels which are thought to be close to the coast, as they will not be able to work off shore in the teeth of the gale. The three-masted schooner Varuna, Capt. St. Oliver, from Darien, Nov. 23, for Philadelphia, with a crew of seven men and 300,000 feet of lumber, is among those for which there is anxiety. She was last seen off Lookout Dec. 3.

The Delaware breakwater harbor is filled with tugs and other small craft, which are unable to venture out in such a gale and heavy sea. Capt. Jamieson, commanding the Earn line steamship Barnford, which arrived from St. Jago, says that the sea outside is running very high—the highest he has experienced along the coast for years. His vessel, as well as the Boston steamship Spartan and steamship Saxon, from Providence, was badly iced up. The three-masted schooner Nellie Lamper, Capt. McLean, from St. John, was iced up beyond recognition. The schooner Talaf, Capt. Fletcher, from Tampa for Cartaret, N. J., with a cargo of phosphate, put into the Delaware bay and anchored for a harbor at the Brandywine. This vessel has had a most tempestuous passage since leaving the gulf. The ship Sterling, Capt. Wheldon, which cleared Monday for New York to load for San Francisco, was still anchored in the bay yesterday. At Bordentown, N. J., the Delaware river is frozen from shore to shore.

COLD IN NEW YORK.

Severe Winter Weather Prevails in the Eastern States.

New York, Dec. 14.—Extreme cold prevailed throughout the eastern states yesterday. At 8 o'clock the temperature in this city was 16 degrees above zero. Saratoga, Syracuse and Watertown, N. Y., reported 10 degrees above zero, and Loudon, N. H., 26 degrees below zero.

low. At Northfield, Vt., the thermometer indicated 12 degrees below.

All the ocean liners which have arrived during the last few days have reported very heavy weather at sea, and when the big Cunarder Campania reaches port from Liverpool and Queenstown she will doubtless have a tale of terrific gales and high-head seas. The American liner's newest flyer, the St. Paul, which knocked more than eight hours off her own time on her last voyage to Southampton, would have been signaled off the light ship at midnight last night had she kept up the pace on the present trip.

Among the belated steamers bound for this port are: Belgravia, from Shields, Nov. 22; British King, from Antwerp, Nov. 23; Lowlands, from Gibraltar, Nov. 23, and Thetis, from Gibraltar, the same date.

Storm Breaks All Records Off Boston.
Boston, Mass., Dec. 14.—The British schooner Howard of Lunenburg, N. S., arrived yesterday after having experienced the most terrible passage in the history of her master, Capt. James Lohnes. Tremendous seas continually swept over the vessel, sails, spars and portions of the deck load were lost, and so rough was Massachusetts bay that she lost an anchor and was being driven on the jagged rocks of Harding's ledge when rescued by a tug. When the vessel arrived here she was encased in ice from topmast to water-line and the entire crew were suffering terribly from cold. The tempestuous weather in Boston harbor and Massachusetts bay continues, although the atmosphere is not as thick as yesterday. Shipping is practically at a standstill.

DANGER AHEAD

A Simple Case of Piles. The Forerunner of Incurable, Fatal Rectal Diseases.

A NEW PILE CURE

Which Cures Every Form of Piles Without Pain or Inconvenience.

The ordinary case of piles is one of the commonest afflictions of humanity. While they are extremely annoying, yet men and women will endure them for months and years, off and on, because they are not immediately fatal, and as long as they can get around and perform the daily duties of life they suffer on in the hope that in some way or other the trouble will pass away of its own accord, without any other treatment than a little salve or ointment occasionally. Now in the very nature of the disease this will never happen.

It is absolutely certain to grow worse passing away for a time and returning, until before you are aware of it, an ulcer has formed and the beginning of the much dreaded fistula has been made and then, what was at first a simple case of common, everyday piles becomes an even chance between life and death. A surgical operation, with all its attendant horrors, uncertainties and danger to life, becomes necessary.

Although the Pyramid Pile Cure is just as valuable in the advanced stages of rectal disease, yet the time to use it is at the beginning. A single package will then effect a complete cure in nearly every instance, in fact two or three applications often do the work. The Pyramid Pile Cure is well known to be a certain cure for Piles in every form, but we take pleasure in publishing the experiences of sufferers, especially when such commendation is entirely un sought by us. Mr. H. H. Hoffman, of Huntington, W. Va., writes:

I have used your Pyramid Pile Cure and consider it a perfect remedy for Piles. If you want me to write more at length and I can do some good work for you as everyone here knows how badly I suffered and they also know I am now entirely cured.

From Mrs. S. E. Deitzler, Union Depository, Pa.: Please accept thanks for your Pyramid Pile cure. It has done me such great good in so short a time and at so little expense.

From Mrs. Nancy W. Shaw, La Crosse, Wis.: I am more pleased with the benefit I have received from the Pyramid Pile Cure, I needed but one package. I shall write you again soon.

From R. Withersell, Shoreham, Vt.: The package of Pyramid Pile Cure I received last November has entirely cured me of itching piles. I have tried various remedies for over forty years. I shall always keep a package of this splendid remedy on hand. There are others I think would be glad to try it, when I can see them and tell them what it has done for me. Accept my heartfelt thanks.

Letters like these are daily received by the Pyramid Pile Co. of Albion, Mich., who manufacture this remedy. It is sold by druggists everywhere at 50 cents and \$1.00, and every druggist has a good word to say for it as they know better than anyone else the satisfaction it always gives to their customers.

A DAY'S CITY NEWS.

FRIVOLITIES may be well enough sometimes for some people, but practical things are what sensible people want and give. A clock for the reception or sitting room is not a frivolous thing and may be just what your sensible wife would like to have for Christmas. A. F. Hall & Co., "the reliable jewelers" show a large assortment of handsome clocks at very low prices. Make your selection early.

The delegates from the Bower City Branch No. 31 of the Germania Aid and Benevolent Society returned home yesterday afternoon from attending the fifth anniversary celebration of the Monroe Lodge. They all report a good time. Those who went were C. E. Herman, Theo. O. Beyer, Chas. Koester, Henry Blenck and Carl F. Brockhaus.

The congregation of St. Paul's Evangelical Lutheran church of this city have received an invitation to attend the dedication exercises of the new \$30,000 church at Jefferson. The church has been erected by the St. John's Society, and a number from this city will leave on the evening train for Jefferson.

A GIFT for Christmas, although it may be inexpensive is appreciated. Gentlemen are usually fond of elegant neck fixings. The DeJouville puff is the only new and correct thing. We have handsome ones at 50, 75 cents and \$1. You can have them boxed if you wish. T. J. Zeigler.

THE Fortnightly club began a study of the second section of their programme, which pertains to "Ethics of Citizenship in Literature," last night. Ralph Waldo Emerson and James Russell Lowell were discussed, the leaders being Misses Carolyn Kimball and Robert Holmes.

ILLUSTRATIONS or descriptions would not begin to convey an idea of the beautiful creations in art brass that A. F. Hall & Co. "the reliable jewelers" are displaying. The pieces are purely and entirely ornamental and make appropriate Christmas gifts.

You know you are getting a bargain when you get pair of Richardson, Norcross Co.'s fine hand web shoes. Regular price \$4.00 and \$4.50 for \$3.00. That is how we are selling them in our great reduction sale. A. Richardson Shoe Co.

ATTEND the Y. M. C. A. meeting tomorrow afternoon. The small meeting room is rapidly becoming inadequate, and all men are requested to attend tomorrow, and cause the meetings to be held in the large auditorium.

This is your golden opportunity or silver either just which you please. F. C. Cook & Co. have so many gold and silver opportunities that are pretty and cheap that the person hardest to please is easily satisfied.

No well bred woman that wouldn't like a well made, good looking, nice, leather pocket book. A. F. Hall & Co., "the reliable jewelers," have the best, and at proper prices. Christmas is coming, you know.

THE visiting cards furnished by A. F. Hall & Co., "the reliable jewelers," are hand engraved and hand printed. It requires time to get them out. If you want them for Xmas, order at once.

J. J. McGINNITY of Denver and Thomas McGinnity of Whitewater, have returned to their homes after a pleasant visit in the city the guest of their brother Dean E. M. McGinnity.

JOHN M. WHITEHEAD will speak on "The Foreign Work of Churches" at the Congregational church tomorrow evening, and his address will be of exceptional interest.

The fact is not generally known that Janesville people can stop at the Tremont house, Chicago, at a rate commensurate with the time, \$2.50 a day, room and meals'.

If its a cold silver spoon you want go to A. F. Hall & Co., "the reliable jewelers." They have a large stock. Their prices are right on every thing they sell.

MRS. EDWARD BAKER returned to her home in Chicago this morning after a pleasant visit in the city, the guest of parents, Mr. and Mrs. S. Shawan.

"THE Bible is a window in this prison of hope through which we look into eternity."—Dwight. Call at Sutherland's for a good supply of Bibles.

GOON new things in scarf and stick pins at prices that will sell them, are among the recent arrivals at A. F. Hall & Co., "the reliable jewelers."

THE third invoice of imported nuts were received at De Forest's today. People are finding out where they can get a good article cheap.

REGULAR monthly pay day in the Loan, Savings' & Building Association Monday evening December 16. Office open from 7 to 9 p. m.

REMEMBER nothing but cash goes in our reduction sale. The prices we make are too low for credit business. A. Richardson Shoe Co.

WILLIAM READING, after a short visit in the city the guest of J. C. Hill, returned to his home in Fulton this morning.

JAMES CONLIN, a well known conductor on the Northwestern road, was in the city today on his way to Footville.

DETAILS of L. H. Becker's illness and the coming of Dr. Senn on a special train, will be found on the first page.

The different display windows about town are filled with gifts for the holi-

days. Most of them are pretty, and don't forget that the prettiest articles displayed anywhere are the carving sets in F. C. Cook & Co's window. They make most suitable gifts.

R. W. WELLS, a member of the Bucklin Patent Medicine Company of Chicago will spend Sunday in the city. Books have justly been named "good for the mind." A full supply for all hungry minds at Sutherland's.

C. T. MCKINNEY after a short visit in the city, the guest of Charles Randall, left this morning for Chicago.

THE Caledonian society held a meeting yesterday afternoon to complete plans on the Burns' anniversary.

FREDDIE RUTTER has been dangerously ill at his South Franklin street home during the past few days.

DON'T forget that Monday is pay day for stockholders in the Loan, Savings and buildings association.

THE fact that the last meeting of the agricultural society was illegal, is told on the first page tonight.

A MEETING of the choir union will be held at the Baptist church at 7:30 o'clock Monday evening.

WATCH for Monday's issue of this paper and see what we say about children's suits. T. J. Zeigler.

YOUNG GIRL INJURED

Miss Josie Morse Dragged by a "Bob" —Accidents.

Miss Josie Morse, a girl about 7 years of age accidentally fell and was dragged half a block, while "jumping on hobs" on South River street at 11 o'clock this morning. Charles Hoover the barber saw her fall and rushed to her assistance. As he picked her up he heard a bone snap and thought her leg was broken. He carried her Pleasant street home where it was found that no bones were broken although she was thoroughly frightened.

While chopping wood upon the farm of Anthony Dixon, James Dinnon was severely cut by accident severing several tendons and cutting clear to the bone of the right leg. The accident happened last evening. While James and his brother William were cutting wood, William's axe accidentally slipped with the above result. The leg was at once bandaged tightly and Dr. W. H. Judd was called.

This noon while Dr. J. B. Whiting was watering his horse at the corner of Milton and Milwaukee avenues the horse suddenly took fright and whirled about the cutter striking the street car track. The doctor was thrown out but escaped with minor scratches and bruises.

REPORTS FROM NEWFOUNDLAND.

St. John's, N. F., Dec. 14.—Incoming steamers report frightful weather. The steamer Ulunda, from Liverpool, never met such storms before. The coastwise steamers have been unable to leave the harbors for thirty hours. The schooner Erie Lake is ashore at Bay Butts. The steamer Portia, running between New York, Halifax and this port, is twenty-eight hours overdue from Halifax and must have driven out to sea and has probably broken down. Much apprehension is felt about her.

GEORGE H. M'KENNEY GOES TO WAUPUN

EX-SEWING MACHINING AGENT IS SENTENCED.

Will Serve one Year Term For Forgery at Beloit, The Proceeds of Which Amounted to About \$600—Mechanics' Green Case Adjudged—Other Court Cases.

George H. McKenney, formerly of Beloit but recently of Chicago, will work for the state for one year at the prison at Waupun. Judge Bennett this morning pronounced sentence to that effect.

McKenney was charged with forgery. At the time the crime was committed he was in the employ of the Singer Sewing Machine Company of Beloit. His attorney was Silas Menzie of Beloit, and through his efforts McKenney's sentence was suspended on condition that McKenney make the forgery good. He gave bonds so to do, but the case has been dragging along ever since. It came to District Attorney Jackson after District Attorney Wheeler's term expired, and he, to get the case out of the way, called on McKenney's bondsmen. They in turn sent Sheriff Appleby to Chicago after McKenney, and he was brought to Janesville and locked up.

Just What They Wanted.
The editor of the Chump Book
laughingly waved his hand.
"I tell you we do not care for it," he
repeated in a lofty tone.
"But, sir," pleaded the poor but struggling
author, "if you do not accept my
article then indeed I am lost, for al-
ready it has been rejected by every
other publication in the country."

"Is that so?" cried the editor with
interested interest; "then let me have
it instantly!"

Whereupon it appeared in the very
next issue of the Chump Book, accom-
panied by two indistinguishable illustrations
by Weirdestyle, the celebrated
contortionist.—N. Y. Recorder.

First Sight of a Railway Train.

A country boy who was brought up
in a remote region of Scotland had occa-
sion to accompany his father to a
village near which a branch line of
railway passes. The morning after his
arrival, when sauntering in the garden
behind the house in which they were
staying, he beheld with wondering eyes
a train go by. For a moment he stood
staring at it with astonishment and
then, running into the house, he said:
"Fayther, fayther, come out! There's
a smidgy ran off wi' a row o' houses,
an' its awa' doon by the back o' the
town."—London Telegraph.

An Unmanly New Woman.

"What do you think?" exclaimed one
emancipated woman.

"I don't know!" was the startled re-
joinder of another. "What do I?"

"Our president, Miss Tomasa Buoy,
has taken to smoking cigarettes."

"What! We must impeach her at
once. The idea of her doing anything
so unmanly!"—Washington Star.

If suffering with piles, it will inter-
est you to know that De Witt's Witch
Hazel Salve will cure them. This
medicine is a specific for all com-
plaints of this character, and if in-
structions (which are simple) are car-
ried out, a cure will result. We have
tested this in numerous cases, and al-
ways with like results. It never fails.

A COUNCIL BLUFFS FIRE

FIRE SWEEPS BUSINESS PART OF THE IOWA TOWN.

Heavy Stock of Implements Destroyed by the Flames—Firemen Handicapped by Lack of Numbers—Damage Is Estimated at \$600,000.

Council Bluffs, Iowa, Dec. 14.—Fire did damage here last night to the amount of \$600,000. The individual losses are as follows: Deere-Wells Implement company, all implements and buildings, covering half a block, \$200,000; Shugart, Waite & Wells Implement company, \$200,000; Empkie & Suchart Hardware, \$100,000; Iowa Barbed Wire Fence company, \$100,000. A heavy wind forced fire brands in every direction, and made opposition practically useless.

The fire broke out in the center of the agricultural implement district. It started in a frame warehouse owned by the Weir-Shugart company and used by the Empkie-Shugart company as a transfer warehouse for handling the goods of the eastern correspondents. When first seen the fire was creeping out under the edge of the roof. Before the first engine company was on the scene the roof was in a blaze.

A strong wind was blowing from the southeast and the flames soon communicated to the great brick warehouse of the Deere-Wells company. Thence it rapidly cut its way into the heart of the great implement district. The wind carried the flames to the R. H. Bloomer & Co. fence works on the opposite side of the street. This building was licked up in a jiffy. The firemen, reinforced by a large body of volunteers, endeavored to stay the flames at the Deere-Wells building, but the heat soon curled up lines of hose in the street, and their work was useless.

Then Chief Templeton telephoned to Omaha for assistance, but for some reason the message was not delivered. The second building of Deere, Wells & Co. was soon attacked, and sparks ignited the Chicago, Burlington & Quincy freight depot. The latter structure was saved, but the entire plant of Deere, Wells & Co. was destroyed. The Keystone company's building, on the south, was also badly damaged. How the fire originated is not known, as there was no one in the building after 6 o'clock.

A shift in the wind after the second Deere, Wells & Co. building was fired was the only thing that saved the Burlington freight depot and the big warehouse of the Union Transfer company and Aultman, Miller & Co. The citizens were compelled to battle as best they could with any fire that started in other parts of the city. No very serious damage resulted. By 9 o'clock the fire was well under control and all danger of spreading was over.

One fact worthy of note is that the Wells company has often sought the condemnation of the Weir-Shugart warehouse, claiming it was a menace to their own. It finally proved to be.

We have on exhibition a common yellow pumpkin, and with each 50c purchase we will give you a chance to guess how many seeds it contains. The nearest guesser will get a 25c gold piece on Xmas morning, when the pumpkin will be opened by a committee of gentlemen.

An Extraordinary Sacrifice!

Double Discounting Any Clothing Sale Ever Attempted in Janesville.

On account of a very costly mistake which we made in purchasing such an immense stock of SUITS as we have for this winter. We over-estimated by many thousand dollars the demand that we would have for high quality, correctly made, up-to-date Clothing. We have these goods now on hand, and we are satisfied that we shall not dispose of them unless we resort to extraordinary means, and, so, right at almost the beginning of the winter season, we hold a sacrifice sale of a large amount of our very best suits. We confess that the reduction we shall make is not from choice, but from dire necessity, as we are obliged to reduce our stock. We began yesterday a sale of a large amount of fashionable Suits which have formerly sold at \$12, \$13, \$15, \$18 and \$20; now at \$7.00.

**EVERY MEN'S SUIT,
EVERY BOY'S SUIT,**

**EVERY OVERCOAT,
EVERY PAIR OF PANTS,**

will be sold at a great reduction. It means a saving to you of 25 to 30 per cent on any article purchased of us.

YOU CAN'T AFFORD TO LET THIS OPPORTUNITY SLIP BY.
